PROFESSIONAL SUMMARY

Full-stack developer with 10+ years of professional web development experience, including extensive work with React, TypeScript, Node.js and SQL databases. Builds and improves web applications end to end, from accessible interfaces to backend services and production deployments. Experienced with unit and end-to-end testing, performance improvements, third-party integrations and collaborating with designers and cross-functional teams.

CORE SKILLS

Frontend: React, TypeScript, JavaScript, Next.js, HTML, CSS, SCSS, Angular, AngularJS, React Native, Vue, Storybook, Redux, React Query
Backend: Node.js, NestJS, Express, REST APIs, GraphQL, PHP, Laravel
Databases: PostgreSQL, MySQL, MongoDB, Redis, Firebase, Prisma, TypeORM
Testing and Git-based delivery: Jest, Playwright, Cypress, React Testing Library, Supertest, GitHub Actions, GitLab CI, Docker
Cloud and tools: AWS (ECS, Lambda, S3, SQS, CloudWatch, RDS), Linux, Nginx, Varnish, Terraform (maintaining existing files), Figma, Jira, Confluence, Sentry, Datadog, Unleash
Accessibility and product: WCAG 2.1 AA audit fixes, A/B testing, feature flags, Agile/Scrum, BankID

PROFESSIONAL EXPERIENCE

Full-Stack Developer | **Älvgrind Fintech AB** | Gothenburg
2021–Present

- Develop customer onboarding features in a six-person team, working across React and TypeScript frontend applications and Node.js backend services built with NestJS and Express.
- Built a new identity verification flow integrating the BankID API, including QR-code handling, error states and retries. A/B testing and rollout improved onboarding conversion from 61% to 74%.
- Developed a document-upload workflow using S3 presigned URLs, ClamAV malware scanning in Lambda, and SQS and PostgreSQL status tracking.
- Helped migrate legacy Express services to NestJS and maintain a GraphQL backend-for-frontend with another developer.
- Improved mobile Largest Contentful Paint from 4.1 seconds to 1.9 seconds through code splitting, image optimisation, removing Moment.js and replacing a large charting library. Also introduced server-side rendering with Next.js for landing pages.
- Fixed accessibility issues in the onboarding flow against WCAG 2.1 AA and migrated the frontend from Create React App to Vite in 2023.
- Use Jest and Playwright for automated testing; work with GitHub Actions, Docker, AWS and feature flags (Unleash).
- Collaborate with designers in Figma, participate in the on-call rotation, and interview engineering candidates. The onboarding team received the 2023 internal Customer Impact Award.

Developer | **Sjöbris Digital Agency AB** | Gothenburg
2018–2021

- Built websites and web applications for approximately 25 clients across retail, local government, transport and sports.
- Delivered client applications using Angular, React and Vue, with backend services in Node.js/Express and PHP/Laravel.
- Co-developed a React Native ticket-purchasing app for a ferry company; the app reached approximately 50,000 downloads. Served as project tech lead.
- Built and maintained WordPress sites, including custom themes and plugins, and established GitLab CI for the agency.
- Worked with MySQL, MongoDB and Firebase across client projects.

Web Developer | **Nordkust Media AB** | Gothenburg
2014–2018

- Developed newspaper websites and an article editor using PHP, jQuery and AngularJS.

- Implemented a paywall integration and configured Varnish caching.
- Performed Linux server administration in Ubuntu environments and worked with MySQL.

Freelance / Student Web Developer | |
2012–2014

- Built websites for friends, family, a local bakery and two bands using PHP, jQuery and WordPress.

EDUCATION

Bachelor in Computer Science | West Coast University College (Högskola), Gothenburg | 2011–2014
Graduated 2014

Additional learning: Advanced React Patterns (2022); AWS Cloud Practitioner course (2020, exam not taken); Coursera Machine Learning (2017, not completed).

ADDITIONAL EXPERIENCE AND ACTIVITIES

- Coding bootcamp mentor in Gothenburg, 2019–2020 (evenings).
- Speaker at a local JavaScript meetup in 2022: “Migrating Express to NestJS without Stopping the World”.
- Driving licence: B.

LANGUAGES

Swedish: Native | English: Fluent (work language) | Arabic: Spoken at home; limited writing | German: School-level; limited current proficiency
