NADIA

PROFESSIONAL SUMMARY

Senior Platform Engineer and technical lead for a platform team, with experience mentoring backend engineers into SRE roles and evaluating service-mesh technologies. Technical leadership does not include line-management responsibility.

TECHNICAL SKILLS

Istio | Linkerd | Backstage Catalog | SRE | Platform engineering | Technical leadership

PROFESSIONAL EXPERIENCE

Senior Platform Engineer

- Serve as technical lead for the platform team, without line-management responsibility.
- Mentored three backend engineers transitioning into SRE roles.
- Evaluated Istio and Linkerd in 2023 as service-mesh options; neither was adopted or operated in production.
- Used the Backstage catalog; plugins were developed by another team.

SPEAKING

Speaker, UK DevOps meetup, 2024 — “SLOs that product managers care about”
