Dear FreshCart Hiring Team,

I am applying for the Butcher / Meat Counter Assistant position at FreshCart's Zagreb-Jarun store. I am a qualified butcher with nine years of experience in high-street and market butchery, along with HACCP basic food hygiene training renewed in 2024.

In my current role at Mesnica Kod Ante, I break down beef and pork, bone, trim and portion meat for the counter, and prepare four kinds of fresh sausage. I also keep temperature records for the cold room and display counter, completing checks twice daily. This experience aligns closely with your need for careful meat preparation and consistent HACCP temperature and hygiene checks.

Customer service is also central to my work. I serve around 120 customers on a typical Saturday and advise them on cuts and cooking times. I would bring that practical product knowledge to FreshCart's "Ask the counter" approach, together with experience serving customers, weighing and pricing orders, and handling cash. I have also trained two apprentices in safe knife handling and cleaning routines.

I would welcome the opportunity to discuss how my butchery experience and attention to hygiene could contribute to the Zagreb-Jarun meat counter. Thank you for considering my application.

Yours sincerely,

Tomislav Mesarić
