FreshCart Supermarkets
Hiring Team, Zagreb-Jarun store

Application: Butcher / Meat Counter Assistant

Dear Hiring Team,

I am applying for the Butcher / Meat Counter Assistant position at your Zagreb-Jarun store. I completed my butcher training in 2015 and have worked at Mesnica Kod Ante since 2019, following four years at the Dolac market meat counter. FreshCart's promise of honest advice on cuts and cooking matches the service I provide to customers every week.

At Kod Ante, I break down 2–3 beef forequarters and 10–12 pork sides a week, then bone, trim and portion the meat for the counter. On Saturdays, I serve about 120 customers and advise them on cuts and cooking times. I also make fresh sausages and developed the shop's lamb merguez recipe. This combines practical meat preparation with the product knowledge needed at a busy service counter.

Food safety is part of my daily routine. I rotate cold-room stock every morning using FIFO and record cold-room and display-counter temperatures twice a day. My basic HACCP food hygiene certificate was renewed in 2024. I have also trained two apprentices in knife handling and cleaning routines. I am preparing for the master butcher exam planned for spring 2027; FreshCart's support for colleagues preparing for this exam is particularly relevant to that development.

I am seeking my next role because Kod Ante's owner is retiring and closing the shop at the end of 2026. I can work early and late shifts, but need an early shift on Wednesdays because of childcare. I would welcome a meeting to discuss how my butchery and counter-service experience could contribute to your team, and whether that scheduling requirement can be accommodated.

Kind regards,
Tomislav Mesarić
