NADIA

Senior Platform Engineer | Platform Engineering

PROFESSIONAL PROFILE

Senior Platform Engineer and technical lead for a platform team, with experience mentoring backend engineers transitioning into SRE. This is a technical leadership role without line management responsibilities. Interested in Staff or Principal Platform Engineering and SRE roles.

PROFESSIONAL EXPERIENCE

Senior Platform Engineer | Platform Team Tech Lead

- Serve as technical lead for a platform team; this is a technical leadership role without line management responsibilities.
- Mentored three engineers moving from backend development into SRE.
- Used the Backstage catalog; plugins were built by another team.

SPEAKING

Speaker, UK DevOps Meetup, 2024 — Presented “SLOs that product managers care about.”
