Dear Hiring Manager,

I am applying for the Butcher / Meat Counter Assistant position at FreshCart's Zagreb-Jarun store. I have nine years of experience in butcher shops and meat counters, completed vocational butcher training, and hold a HACCP Basic Food Hygiene Certificate.

In my current role at Mesnica Kod Ante, I break down beef, pork and lamb, bone and trim cuts, and portion meat for the counter. I also make fresh sausages, rotate cold-room stock using FIFO, and record temperature checks twice daily. At the Dolac market stall, I served customers, weighed and priced orders, operated the till, and maintained clean, sanitised equipment. I enjoy advising customers on cuts and cooking, and would bring that practical, friendly service to FreshCart's "Ask the counter" approach.

I would welcome the opportunity to bring my butchery experience, attention to hygiene and reliability to your team. Thank you for considering my application. I look forward to discussing my experience with you.

Kind regards,

Tomislav Mesarić
