COVER LETTER

Dear FreshCart Hiring Team,

I am applying for the Butcher / Meat Counter Assistant position at your Zagreb-Jarun store. I have nine years of experience in butchery and meat counter service, completed vocational butcher training, and hold a HACCP Basic Food Hygiene Certificate renewed in 2024.

In my current role, I break down beef and pork, bone and portion meat for the counter, and prepare fresh sausages. I also advise customers on cuts and cooking times, serve around 120 customers on a Saturday, and rotate stock using FIFO. I record cold-room and display-counter temperatures twice daily and follow established hygiene and cleaning routines.

I would bring hands-on butchery experience as well as a strong focus on approachable customer service and careful food handling. I developed our lamb merguez recipe and adapted our ćevapi mix in response to customer feedback; the ćevapi later won second place at the 2023 Zagreb County craft meat fair. FreshCart's emphasis on knowledgeable, honest advice and fresh food aligns well with the work I do at the counter.

Thank you for considering my application. I would welcome the opportunity to discuss how my experience could contribute to the FreshCart meat counter team.

Kind regards,
Tomislav Mesarić
