PROFESSIONAL PROFILE

Butcher with 9 years of experience in meat counter service and butchery, including carcass breakdown, boning, trimming, portioning and fresh sausage production. Trained in butchery and experienced advising customers on cuts and cooking, maintaining cold-chain temperature records, and following hygiene and cleaning routines. HACCP basic food hygiene certificate, renewed in 2024.

PROFESSIONAL EXPERIENCE

Butcher | Mesnica Kod Ante (family butcher shop), Zagreb *2019–Present*

- Break down 2–3 beef forequarters and 10–12 pork sides per week; bone, trim and portion meat for the counter.
- Prepare approximately 40 kg of fresh sausage per week in the busy season, including ćevapi, kobasice, chipolata and lamb merguez.
- Developed the shop's lamb merguez recipe and adjusted the ćevapi mix to 70% beef and 30% lamb following customer feedback; the ćevapi won second place at the 2023 Zagreb County craft meat fair.
- Record cold-room (0–4 °C) and display-counter temperature checks twice daily; rotate cold-room stock each morning using FIFO, with older stock at the front.
- Serve approximately 120 customers on a Saturday and advise on cuts and cooking times.
- Trained two apprentices in knife handling and cleaning routines.
- Prepare whole lambs and suckling pigs for spit-roasting orders, including ordering, butchering, seasoning and delivery for weddings and family events. Largest order: four lambs and two pigs for a 180-guest wedding in 2024.
- Ran a six-week dry-ageing trial for beef ribs, keeping weight-loss and temperature records. Dry-aged ribs are now sold on pre-order, at approximately 15 kg per month.

Counter Assistant | Tržnica Dolac meat hall stall, Zagreb *2015–2019*

- Served customers, weighed and priced orders, operated the till and completed cash-up.
- Cleaned and sanitised slicers, mincers and the counter at close.
- Wrote a one-page closing and cleaning checklist covering the slicer, mincer, counter and floor drain; it remains in use at the stall.
