PROFESSIONAL SUMMARY

Front-end-focused full-stack developer with 12 years of professional experience building web applications. Strong expertise in React and TypeScript, with hands-on experience developing Node.js services with NestJS and Express, PostgreSQL-backed features, and React Native mobile applications. Experienced in accessibility improvements, performance optimisation, automated testing, and shipping customer-facing features from design through production. Fluent in English and Swedish.

TECHNICAL SKILLS

Frontend: React, TypeScript, JavaScript, Next.js, Angular, AngularJS, Vue, React Native, HTML, CSS, SCSS, Storybook, Redux, React Query
Backend and APIs: Node.js, NestJS, Express, PHP, Laravel, REST, GraphQL
Databases: PostgreSQL, MySQL, MongoDB, Redis, Firebase, Prisma, TypeORM
Testing, Git and delivery: Jest, Playwright, Cypress, React Testing Library, Supertest, GitHub Actions, GitLab CI, Docker
Cloud and tools: AWS (ECS, S3, Lambda, SQS, CloudWatch, RDS), Linux, Figma, Jira, Confluence, Sentry, Datadog, Unleash
Other: Web accessibility (WCAG 2.1 AA), A/B testing, BankID, Agile/Scrum

PROFESSIONAL EXPERIENCE

Full-Stack Developer | Älvgrind Fintech AB | Gothenburg
2021–Present

- Develop customer-facing onboarding features in React and TypeScript, alongside Node.js services built with NestJS and PostgreSQL.
- Built a BankID identity-verification flow with QR-code and same-device journeys, error handling, and retries. A/B testing and rollout improved onboarding conversion from 61% to 74%.
- Built a secure document-upload workflow using S3 presigned URLs, ClamAV scanning in Lambda, and SQS status updates recorded in PostgreSQL.
- Helped incrementally migrate the onboarding backend from Express to NestJS, moving routes behind the same API gateway.
- Improved mobile frontend performance through code splitting, image optimisation, and dependency and charting-library replacements; reduced mobile LCP from 4.1 seconds to 1.9 seconds.
- Fixed accessibility issues in the onboarding flow to WCAG 2.1 AA and contributed to design work with designers in Figma.
- Migrated the frontend from Create React App to Vite; supported GitHub Actions delivery and production support through an on-call rotation.
- Maintained a GraphQL backend-for-frontend with another developer; worked with feature flags and GitHub Actions.
- Served as acting team lead for four months in 2024, supporting one-to-ones and sprint planning. Interviewed approximately 30 candidates.
- The onboarding team received the internal Customer Impact Award in 2023.

Developer | Sjöbris Digital Agency AB | Gothenburg
2018–2021

- Built websites and web applications for approximately 25 clients across retail, transport, municipal, and sports sectors using React, Angular, Vue, Node.js, PHP, and WordPress.
- Served as project tech lead and developed most of a React Native ferry-ticket app in a two-developer team. The app supported ticket purchase and offline display and reached approximately 50,000 downloads.
- Built client backends with Node.js/Express and Laravel, and worked with MySQL, MongoDB, and Firebase.
- Set up GitLab CI for the agency, replacing a manual FTP-based deployment workflow.

Web Developer | Nordkust Media AB | Gothenburg

2014–2018

- Developed newspaper websites and an article editor using PHP, jQuery, AngularJS, and MySQL.
- Implemented paywall integration and configured Varnish caching.
- Performed Linux server administration on Ubuntu.

Freelance Developer / Student | |
2012–2014

- Built websites for local clients, including a bakery and two bands, using PHP, jQuery, and WordPress.

EDUCATION

Bachelor of Computer Science | West Coast University College (Högskola), Gothenburg | 2011–2014

ADDITIONAL EXPERIENCE

- Mentor at a coding bootcamp in Gothenburg, 2019–2020.
- Speaker at a local JavaScript meetup in 2022: “Migrating Express to NestJS without stopping the world.”
- Personal home-automation integrations: built two small Home Assistant integrations in Python, published on GitHub.

LANGUAGES

Swedish: Native | English: Fluent | Arabic: Spoken at home; limited writing | German: Basic, school-level
