Samuel Achterberg-Osei

Cloud & Infrastructure Engineer

samuel.ao@example.com | +31 6 5555 0707

PROFESSIONAL SUMMARY

Cloud and infrastructure engineer with experience designing and operating Azure environments, maintaining Terraform infrastructure as code, and automating service deployments. Part of a three-person team operating approximately 400 VMs and 12 AKS clusters across three subscriptions. Delivered hub-spoke networking, tested Terraform modules and deployment pipelines for 15 internal applications. Earlier experience includes Windows/Linux administration and leading a 60-server migration to Azure without unplanned downtime.

TECHNICAL SKILLS

Cloud infrastructure: Azure VMs, VNets, App Service, AKS, Azure Monitor, Azure Migrate.

Infrastructure as code and automation: Terraform, Bicep, Ansible, PowerShell, Bash; Go for Terratest tests only; basic Python scripting.

DevOps and containers: Azure DevOps YAML pipelines, Docker, Kubernetes (AKS), Helm, automated module testing, drift detection.

Networking and security: TCP/IP, DNS, VPN, firewalls, hub-spoke network design, VNet peering, private endpoints, Azure Firewall, Entra ID / Azure AD, MFA, conditional access.

Systems: Linux (Ubuntu, RHEL), Windows Server, VMware, Active Directory, Microsoft 365 administration.

PROFESSIONAL EXPERIENCE

Cloud Engineer (contract) | Havenstad Logistics B.V.
Mar 2025 - Present

- Operate the Azure estate as part of a three-person cloud team: approximately 400 VMs and 12 AKS clusters across three subscriptions.
- Built Terraform modules for landing zone networking, including hub-spoke VNets, Azure Firewall, private DNS zones, storage and SQL private endpoints, and cross-subscription VNet peering.
- Added Terratest module tests to the pipeline and a nightly drift detection job to support infrastructure-as-code maintenance.
- Replaced manual deployments for 15 internal .NET and Node applications with Azure DevOps YAML pipelines covering build, test and deployment to App Service or AKS; deployment frequency increased from roughly monthly to several times per week for most applications.
- Operate AKS upgrades, node pools and ingress; developers own application manifests.

Professional Development and Contract Search
Feb 2024 - Feb 2025

- Studied Terraform and earned the Terraform Associate certification in 2025; built a Proxmox homelab.
- Completed a three-month, part-time online cloud bootcamp taught in English in Dec 2024.

Freelance IT Administrator | Self-employed
Sep 2022 - Jan 2024

- Set up and supported Microsoft 365 and Azure AD for nine small businesses with 5-40 employees.
- Created a repeatable PowerShell script and checklist for MFA, conditional access, mailbox auditing and backups.
- Migrated two clients from on-premises file servers to SharePoint / OneDrive.

Career Break | Family Care
Mar 2020 - Aug 2022

- Provided full-time family care, maintained Azure administration knowledge and offered unpaid IT help to church and family.

Systems Administrator | Maasbrug Gemeente IT Services
Jan 2014 - Feb 2020

- Administered approximately 250 Windows and Linux servers supporting municipal services.
- Planned and led the migration of 60 servers from VMware to Azure IaaS using Azure Migrate, Azure VMs, VNets and site-to-site VPN; completed cutovers over six weekends without unplanned downtime.
- Automated user provisioning and patch reporting with PowerShell.
- Provided second-line escalation support for network and Active Directory issues.

Helpdesk Technician | Maasbrug Gemeente IT Services
Aug 2011 - Dec 2013

CERTIFICATIONS

HashiCorp Certified: Terraform Associate (003), 2025

Microsoft Certified: Azure Administrator Associate (AZ-104), 2019

EDUCATION

MBO 4 IT Systems and Networks | Delta Vocational College, 2011

LANGUAGES

Dutch (native), English (fluent), Twi (spoken)
