Application: Butcher / Meat Counter Assistant

Dear Hiring Manager,

I am applying for the Butcher / Meat Counter Assistant position at your Zagreb-Jarun store. I completed my butcher training in 2015 and have worked at Mesnica Kod Ante since 2019, following four years at the Dolac market meat counter. FreshCart's "Ask the counter" promise matches my daily work: helping customers choose cuts and explaining how to cook them.

At Kod Ante, I break down 2–3 beef forequarters and 10–12 pork sides each week, then bone, trim and portion meat for the counter. On Saturdays I serve about 120 customers. I rotate cold-room stock every morning using FIFO and record cold-room and display-counter temperature checks twice daily. My basic HACCP food hygiene certificate was renewed in 2024, and I have trained two apprentices in knife handling and cleaning routines.

Alongside counter work, I developed our lamb merguez recipe and adjusted the ćevapi mix after customer feedback; the ćevapi won second place at the Zagreb County craft meat fair in 2023. I am also preparing for the master butcher exam planned for spring 2027. FreshCart's support for colleagues preparing for this exam is particularly relevant to that preparation.

The owner of Kod Ante is retiring and closing the shop at the end of 2026. I can work early and late shifts, but would need the early shift on Wednesdays. I would welcome a meeting to discuss how my cutting, customer service and food hygiene experience could contribute to your counter team.

Kind regards,
Tomislav Mesarić
