Dear FreshCart Hiring Team,

I am applying for the Butcher / Meat Counter Assistant position at FreshCart's Zagreb-Jarun store. I bring hands-on butcher and meat-counter experience dating from 2015, completed butcher training, and current HACCP practice covering twice-daily temperature checks and daily FIFO rotation.

At Mesnica Kod Ante, I break down beef and pork, bone and portion meat for the counter, advise customers on cuts and cooking, and prepare fresh sausages—about 40 kg a week in the busy season. I also serve around 120 customers on a Saturday, maintain cold-room and display-counter temperature records, and have trained two apprentices in safe knife handling and cleaning. I have also moved pallets using a hand pallet jack. This experience aligns with FreshCart's "Ask the counter" promise, its focus on well-maintained counters and careful hygiene.

FreshCart's "Ask the counter" promise and its support for colleagues preparing for the master craftsman exam are especially relevant to my experience and current development: I am preparing for the master butcher exam (majstorski ispit), planned for spring 2027. Since the owner of Mesnica Kod Ante is retiring and the shop is due to close at the end of 2026, I am seeking a new role where I can continue working with fresh meat and customers.

I would welcome the opportunity to discuss how my experience could contribute to the Jarun store's meat counter team.

Kind regards,
Tomislav Mesarić
